

Curriculum Vitae

<i>NAME:</i>	Maria Rydevik Mani
<i>CITIZENSHIP:</i>	Swedish
<i>CURRENT POSITION:</i>	Senior Consultant Plastic and Reconstructive Surgeon Associate Professor/ Adjunct University Lecturer Director of Microsurgery, Department Board Member (since 2015) Chief of Doctors (since 2022) Director of Lymphoedema Highly Specialised Care center Department of Plastic and Reconstructive Surgery Uppsala University Hospital, Uppsala, Sweden
<i>RESEARCH:</i>	Research group leader and main supervisor of four PhD students and member of the Research and Development Committee of the Department

ONGOING RESEARCH WITHIN BREAST CANCER/BREAST RECONSTRUCTION AND LYMPHOEDEMA

Former employments

- Senior Consultant Plastic surgeon, Hamilton, Waikato DHB, New Zealand Oct 2020 – July 2021
- Director of Specialized Training, Plastic Surgery, Department of Plastic and Reconstructive Surgery, Uppsala University Hospital 2015-2018
- Locum Chief of Department, Department of Plastic and Reconstructive Surgery, Uppsala University Hospital Jan – Feb 2016.
- Microsurgical Fellow, Charing Cross Hospital, London 2012
- Wellington Aesthetic Fellowship, Wellington Hospital, London 2012
- Honouree Fellow: Royal Brompton Hospital, London 2011-12 (parallel employment to below)
- Microsurgical Fellowship and post-doc research studies: Royal Marsden Hospital, London, 2011-12
- Specialist Plastic Surgeon (Junior Consultant), Uppsala University Hospital, Oct 2009- July 2010
- Plastic Surgery registrar training, Uppsala University Hospital March 2004 - Sept 2009

Higher professional and university qualifications

- Honorary Associate Professor in Plastic and Reconstructive Surgery, University of Auckland, New Zealand, Dec 2020 – July 2021.
- Associate Professor in Plastic and Reconstructive surgery, Uppsala university 2018 and Senior Lecturer and Adjunct Associate Professor position since 2019
- Specialist in Plastic and Reconstructive Surgery, registered with the Swedish board of health and welfare, September 2009 and with the British General Medical Council Specialist Register (GMC) in 2010 (for GMC paying member until 2013).
- Doctor of Philosophy (PhD) in Plastic and Reconstructive surgery, Uppsala university 2010
- Pedagogics of Higher Educational Training 2015 and Teaching PhD students pedagogic courses, 2023, Uppsala
- Registered medical practitioner, December 2002, Sweden
- Medical Degree, Lund University, Faculty of Medicine, Sweden, Jan 2001

Exchange period during medical studies: Pediatrics at Université Paris V, Paris

Committee and Board memberships and positions of trust:

- Board of the Department of plastic and reconstructive surgery, Uppsala university hospital, Uppsala, Sweden (2013- ongoing)
- Board of Research and Education of the plastic and reconstructive surgery department, Uppsala university hospital (2013- ongoing)
- Elected member of Women in Plastic & Reconstructive Surgery Group of EURAPS (WEURAPS): (2025-ongoing)
- Elected member of the European committee on Innovations of EURAPS: (2025-ongoing)
- National representative of European Federation of Societies of Microsurgery (EFSM) (2024-ongoing)
- National Ethical Board Committee member (Etikprövningsnämnd ledamot) (2024- ongoing)
- Elected representative for national working group on Breast Reconstruction Guidelines (2025-ongoing)
- Plastic Surgery Representative National Board of Patient Safety (PSN, 2024- ongoing)
- Elected plastic surgery representative in the Board of Oncoplastic Accreditation (since 2018 – onwards)
- Elected plastic surgery representative in the Board of Oncoplastic Accreditation (since 2018 – onwards)
- Medical Advisory Board Member of Robotic microsurgery company (Microsure, 2022-ongoing).
- Plastic surgery representative in national Swedish Breast Cancer Group (2014- ongoing)
- Center of Excellence for Lymphoedema – Comprehensive center (LE&RN) – Initiator, Director and coordinator of the center. Elected according international standards of care in 2023 (ongoing)
- Elected Scientific Director and Board Member of the Swedish Federation of Reconstructive Microsurgery (2021- ongoing)

Research projects (selected)

Research Supervision:

Main supervisor of three PhD students and one as co-supervisor whom have finalised their PhDs:

Currently: Main supervisor of 4PhD students, and co-supervisor of 1 PhD student. Published over 50 papers, H-index 17.

Breastreconstruction: quality of life, risk factors, resource management, long term outcome and development of surgical techniques

- **National study (Swedish Breast Reconstruction Outcome Study, SweBRO) initiator and director.**
- **Prospective local and national projects on breastreconstruction outcome and riskfactors.**
- **Riskreducing mastectomies – oncology safety, complications and longterm quality of life**

Lymphoedema

- **Initiator and senior PI of the LyNT study (Lymph Node Transfer Study).**
- **Initiator of study on Perioperative findings during lymphaticovenous anastomosis (LVA) and correlation to postoperative outcomes in lymphoedema treatment (multicenter ppLVA study)**
- **Genetics and regulatory factors in lymphoedema (lymphSEARCH study)**

Translational studies

- **Collaboration with Microsure, Maastricht, the Netherlands on Robot Assisted Microsurgery.**
- **Clinical collaborator for LifeSec – life-security project – a translational project on data security networks in human beings.**
